Oggetto: Final information 0006 PCT

Dear all,

Your cycling experience in Puglia is very close now, are you excited?

I suggest saving this e-mail because it contains all the information about your trip (accommodation list, travel plan, must knows).

Let's sum up your bikes and accessories:

Wells Trudy, cm 164 female e-bike premium bike protection

Wells bruce, cm 180 male e-bike premium bike protection

Extra night on September 3rd in Lecce for the Wells'

Hutt Carolyn, cm 160 female e-bike with pannier - premium bike protection

**Hutt Phil, cm 177 male trekking bike with pannier - premium bike protection
(iepilogo bici, altezze e accessori)**

**Helmet, front bag (2,5l), water bottle, spare tube, levers, pump and lock included in the bike rental*

Should you need pedals other than those provided (flat pedals), please let me know before your arrival (<https://www.pugliacycletours.com/bicycles-accessories/>). Any variation regarding pedals communicated at the briefing will have an additional cost of 30€.

Before arriving, we would like to share with you our **MUST-KNOWS FOR YOUR CYCLING TOUR.**

It is a document that summarizes some pointers for making the most of your experience in Puglia. Please, read it carefully.

In addition, I strongly suggest **downloading WhatsApp and letting me know the number you are going to use** during the trip. WhatsApp is a free messaging service, working with data connection, you can use as a simple way to communicate with us and share your location in case of need. It also gives us the possibility to send you automatic important information day by day. You will be provided with the assistance phone number during the welcome briefing.

Please let us know your arrival time at the first hotel as soon as possible, because we need to make the appointment for your briefing and bike fit. Having this information in advance will not only save you and us from unnecessary waiting, but also enable you to better plan and enjoy your free time on that day.

During the briefing we are also showing you how our **GPS device** works. It is a smartphone without data connection, working with GPS satellites, where you are going to find **Ride with GPS** app. It will guide you step by step through your cycling experience in Puglia showing the highlights along the way, our favourite bars and restaurants in every city, a sum of bike repair shops, and everything you need to know about your trip. We thought you might like to **familiarize yourself with the app** before you arrive, so here a video for you: <https://youtu.be/f2MDDG1kqGE>

Please note that all our bikes are equipped with puncture-proof tires. However, flats can still happen.

To help you avoid delays—especially during high season, when our bike mechanics might take a while to reach you—we're sharing this video that shows **how to change an inner tube.**

It's a simple skill to learn (in case you don't already know how! ;)) and it can really help you solve the problem quickly and enjoy your holiday even more:

If you are wondering **what to pack** for your **cycling** trip, here a **list** that can help you:

- Bandana or under helmet cap
- Sunglasses
- Neck warmer
- Wind and rain jacket
- Technical and breathable t-shirts

Quality gloves

- Cycling gloves
- Short and long padded shorts
- Cotton and technical socks
- Waterproof gym shoes
- Sunscreen
- Swimsuit and towel
- Bandages
- Power bank
- Lightweight backpack

Now that you have all the necessary things, we are looking forward to meeting you in our region!

Finally, I'm thrilled to share this **welcome video with you**, enabling you to taste what awaits you in Puglia while giving some useful tips. Enjoy the ride and immerse yourself in the magic that awaits: https://youtu.be/WEIWJtHF_FI?feature=shared

Please remember that your enquiry reference number is [0006 PCT]. We may ask you this when you arrive here in Puglia!

Please do not hesitate to refer to me for any additional information you may need!

Warm regards,

Valentina

Oggetto: PAYMENT

Hi Valentina I managed to get the link working on my son's computer.
Apparently it didn't like our Apple Computer.

Attached is a copy of the receipt.

We look forward to hearing from you again shortly.

Kind Regards
